Property Description:

Only 10 5 units left at this price.

These High Class condominiums are new to the market, being developed by a secure and reliable developer with a proven track record.

Situated in an elevated position overlooking the beautiful resort of Kata Beach in the idyllic island of Phuket.

These condominiums will be truly exclusive and serviced by a wide array of value boosting facilities including a swimming pool, restaurant and car parking.

The units are already 50% sold out and are selling very quickly so be sure to book your appointment to view as soon as possible to avoid disappointment as the prices will be rising just over 7% after the last few units of the initial opening sale offer are sold.

With a fully featured a top quality furniture package coming a standard and all the facilities on offer, this development is set to be a great investment for the earlier buyers even given the current economic climate. Where better to invest your money with confidence of a great return when the banks are offering pitiful rates of interest on savings and your money isn't even safe!!

Terms of sale are 100,000 baht nonreturnable deposit followed by term payments of 30% as the work progresses and the balance payable on completion.

Pricing for the units is calculated dependent on size and floor level. Under the initial sales offer prices start at 70,000 bar per square metre rising by 2000 bar at per square metre for each higher floor, for a no-nonsense transparent and fair pricing structure for the development.

If you wish to view the property will be more than happy to take care of you and arrange a mutually convenient time for your chance to participate in one of the most exciting and vibrant offers on the market in Phuket today.
