Property Description:

Freehold ownership is available in these almost completed luxury apartments, all with private pools, located in the west coast Laguna area. The collection includes 24 quality-built, oversized apartments and penthouse units built by ISO-certified DCM Solutions who are considered one of the top building firms in Thailand.

The Swedish-designed apartments offer true luxury in terms of space with oversized rooms, high ceilings, large solid wood doors and spacious outdoor decks. The project features 18 apartments and 6 penthouse apartments, each with its own plunge pool and ranging in size from 288 sqm to 564 sqm.

Introductory prices are set at 64,000 THB per square meter, substantially lower than comparable projects on the island priced between 80,000 - 100,000 THB per square meter. Owners will be able to have a turn key solution, including on-site professional property management, rental pool and 24 hour security. Concierge services are also available with common reception lounge, library and gym.

These apartments are available for outright Freehold ownership by foreign buyers. In Thailand this is the simplest and most straightforward property acquisition for a foreign national. Thai law allows for foreigners to own only up to 49% of the units in a condominium development. The development is already the hottest selling project on the island so act quickly to avoid disappointment. The project is located 350 meters from Bang Tao Beach and 3 minutes to the Laguna development and the Banyan Tree Resort and Golf Club. Phuket International Airport, Central Department Store, Blue Canyon Golf Club and the bright lights of Patong are all less than 30 minutes away.
